

TOO MUCH SCREEN TIME
DURING THE HOLIDAYS?

LOOKING FOR A FUN HALF-DAY
CAMP DURING WINTER BREAK?

Child Creativity Lab and Pretend City have the answer!

Tuesday 12/28:

Winter Playground

Build your own ice castle and ice skating rink.

Wednesday 12/29:

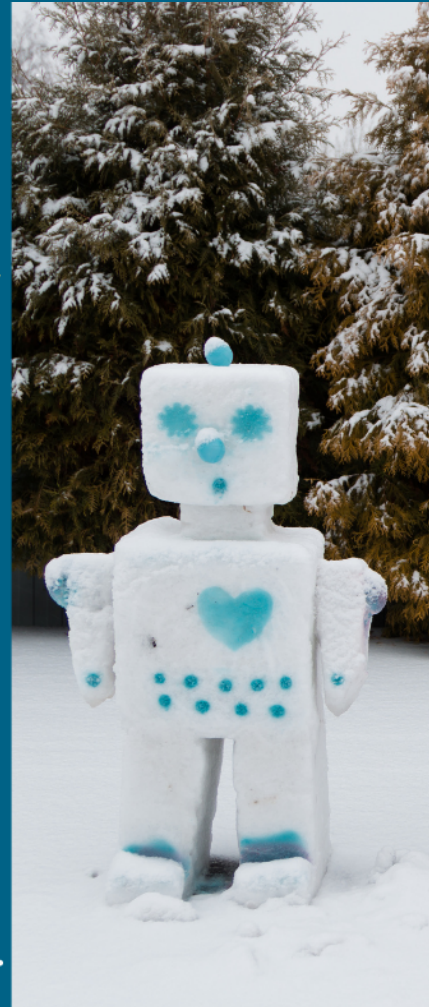

Winter Friends

Invent a SnowBot Robot and build a cuddly Snowmate

Thursday 12/30:

Winter Adventures

Build your own mini-ski lift and sled run

We have partnered with Pretend City to present live, in-person hands-on STEAM + Creativity workshops this winter break. Each 3-hour class will be taught by a CCL instructor and is designed to offer an engaging, hands-on learning experience while also teaching key STEM concepts. Children will make new projects every day using our unconventional, recycled materials—they will learn to look at the world in a whole new way: Renew, Reuse, and Re-imagine! Join us for one day -- or all three!

Workshops will be held at

Pretend City Children's Museum 29 Hubble Irvine, CA 92618

Registration is now open!

CHEERS TO CREATIVITY

AND TO A GOOD NIGHT!

Thanks to all who came out to toast Child Creativity Lab's success in 2021

Thank you to our sponsors and to The Twisted Vine for hosting us!

Thanks to your generosity we'll be able to provide 900 kits to children in need!

Thank You Corporate Volunteers!

Thank you

Pacific Life Volunteers

A giant **THANK YOU** to **Pacific Life's** Good Guys volunteer group! They assembled 284 Space Lander and Marble Run STEAM Challenge kits that will be used in a Sana Ana elementary school. The volunteers had a great time and we were so happy to be able to welcome the Good Guys back to the depot!

[Learn more about volunteering here!](#)

Laguna Art Museum Art & Nature Family Festival

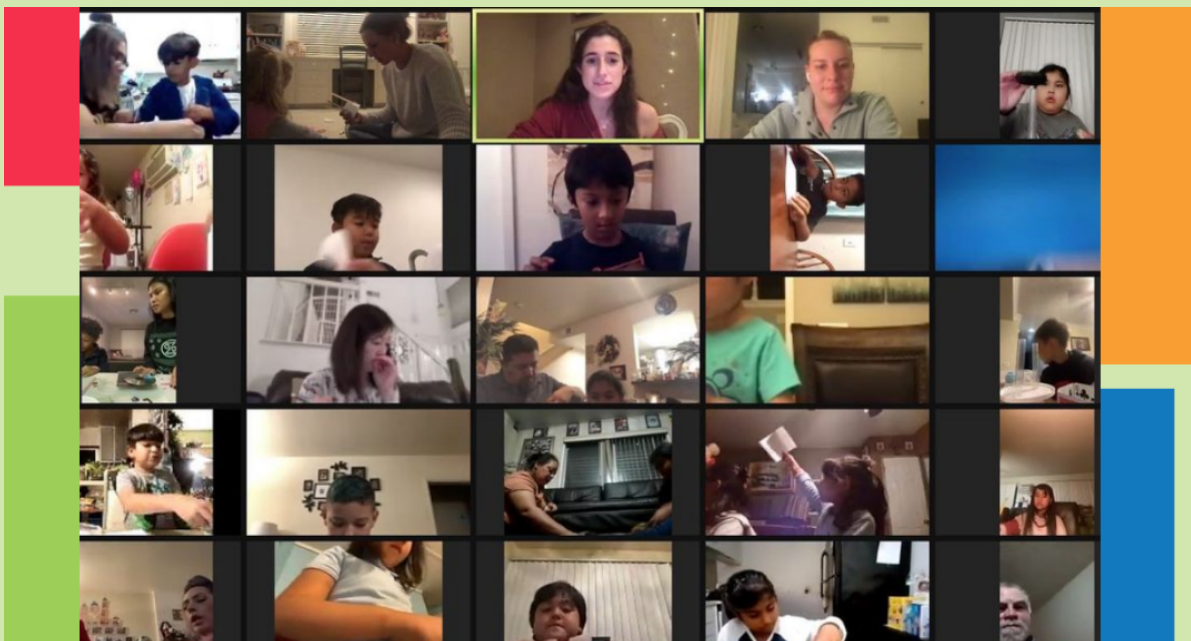

On November 14, CCL partnered with Laguna Art Museum for LAM's annual Art & Nature Family Festival focusing on art, climate, science, animal welfare, and environmental education. Families enjoyed our fun hands-on STEAM activities such as Ping Pong Ball Rollercoaster, Marble Run Super Slide, and Wind Tunnel Parachutes. Thank you so much to Laguna Art Museum for having us and to everyone who came out and put some STEAM into their weekend!

.....

Virtual Family STEAM Night with Estock Elementary!

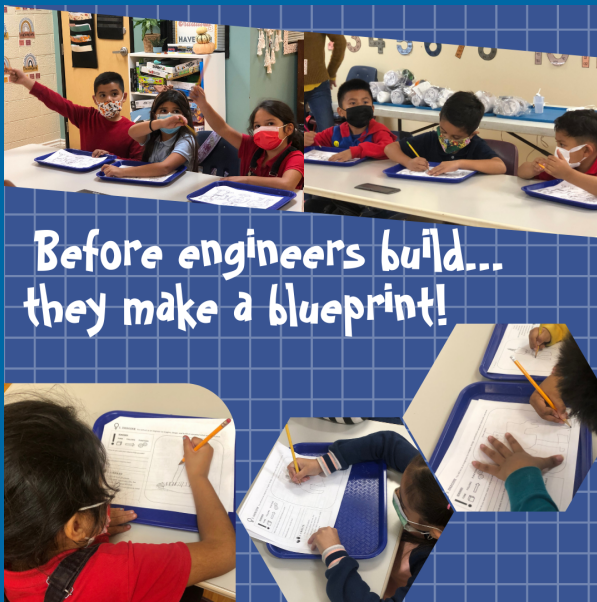

Families at Estock Elementary School in Tustin had a blast building Super Towers strong enough to withstand an earthquake. We love bringing STEAM + Creativity to families -- the fun of STEAM has no age limit!

Click here to book a Family STEAM Night for your school or group!

**There is still time to give the gift of STEAM!
Your support makes engineering dreams come true!
Donate today!**

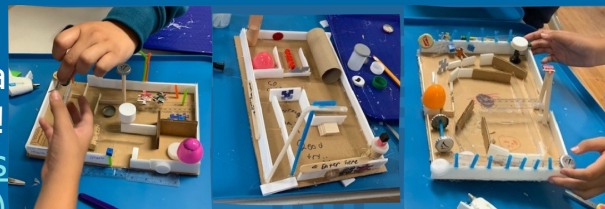

Please help by sponsoring a child today.

This fall we had so much fun spending every Tuesday afternoon with the amazing children at KidWorks community center in Santa Ana. The student engineers invented robots, vehicles, marbles runs and even their own mazes.

We are excited to resume weekly programs with all of our school and community partners in the new year -- these workshops and the 300 others that we taught during 2021 were made possible entirely by the generosity of **YOU**, our donors!

There is still time to make a difference in a child's life! For 2021 only, cash donations up to \$300 (\$600 per couple) are tax deductible even if you don't itemize.

A-MAZE-ing Mazes!

Please help by
sponsoring a child today.

Give back during
your holiday shopping

amazonsmile
You shop. Amazon gives.

Every time you order goods through Amazon.com, Child Creativity Lab will receive a donation from Amazon of .5% of your purchase!

Don't forget to use AmazonSmile while shopping for gifts!

All you need to do is go to smile.amazon.com and select us as your organization of choice. You can either search for Child Creativity Lab or just type in our federal tax ID # which is 36-4746228.

Thank you for supporting our mission to bring STEAM + creativity to as many children as possible.
Did you know that Child Creativity Lab is a non-profit organization who brings our programs free of charge to children in low-income

communities? The pandemic and distance learning had a devastating effect on these children and we are working hard to reduce the effects of learning loss. Please help us.
