

# The Creativity Connection

April 2022

Spring is here - and it's hopping!

2022 has been a busy time at the Depot! So far this year, we've completed over 100 educational workshops—delivering over 5,100 hours of creativity to 3,785 children. One such successful event was the St. Margaret's "Girls in STEM Symposium" day in March. CCL brought the materials, and the girls brought the inspiration to create their own problem-solving robots!
