

The Creativity Connection

October 2022

Creativity in the Community

Child Creativity Lab kicked-off a busy fall season by partnering with several nonprofit groups to promote creativity throughout Orange County. A few highlights: we inspired Girl Scout troop leaders and girls with custom STEAM kits, brought the magic of STEAM to the St. Irenaeus Fall Fiesta in Cypress, supported the Festival of Children at South Coast Plaza, and worked with over 350 educators at the annual California Department of Education STEAM Symposium at the Anaheim Convention Center.

Volunteer with Child Creativity Lab!

By partnering with CCL, your company can impact the community *directly* by sponsoring a STEAM workshop.

Edwards Lifesciences & Washington Elementary

Volunteers from **Edwards Lifesciences** brought physics and engineering to life for 100 5th grade students at **Washington Elementary**.

The Edwards engineers guided the students as they built carriers to race down a zipline course.

[Learn more about volunteering!](#)

United Way & Edwards Lifesciences

Child Creativity Lab brought the depot to **Edwards Lifesciences'** headquarters to help employees kick-off their annual **United Way** giving campaign. The volunteers built over 1000 STEAM kits that will be donated

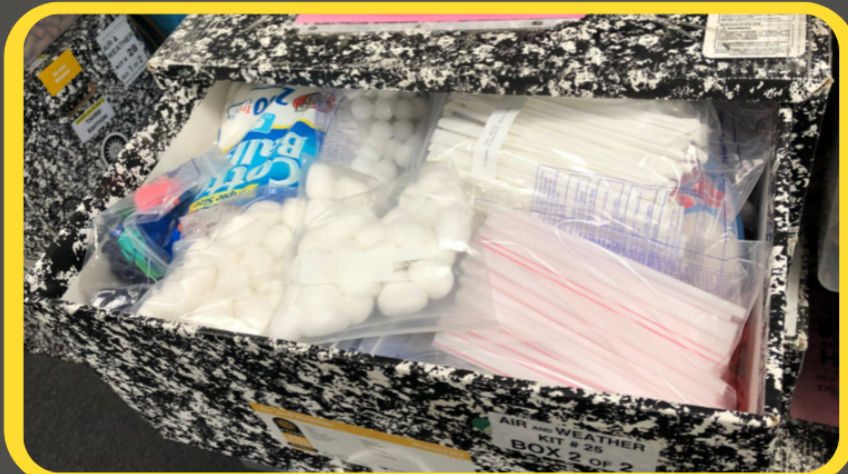

to underserved schools.

Thank you Capistrano Unified School District!

CUSD diverted over 1340 pounds of old, outdated science materials from the landfill—donating the items to CCL's depot where the pieces will be given new life in our signature upcycled STEAM kits.

Do you have excess materials that would like to donate?

Igniting Potential Giving Day Recap

Thank you so much for your generosity!

We raised
\$18,000

IGNITING
POTENTIAL

A GIVING DAY TO SUPPORT THE YOUTH
OF ORANGE COUNTY

You unlocked over 1,000 hours of
creativity and learning!

Your gift will provide over a thousand hours of creativity to hundreds of children and families in Orange County. Because of you, Kindergarteners at KidWorks in Santa Ana will have their first exposure to hands-on STEM education; students and families at College Park Elementary in Costa Mesa and Lawrence Elementary in Garden Grove will be inspired to create together at Family STEAM Nights; and at-risk students at Helene Estock Elementary in Tustin will have access to free after school science classes.

Don't worry if you missed out on Giving Day!

Prime Day Comes Twice This Year!

Every time you order goods through Amazon.com, Child Creativity Lab will receive a donation from Amazon of .5% of your purchase!

Our wishlist is filled with items we are always in need of: wooden craft sticks, large pom poms, and medium-sized googly eyes.

Thank you for supporting our mission to bring STEAM + creativity to as many children as possible.

Did you know that Child Creativity Lab is a non-profit organization who brings our programs free of charge to children in low-income communities? The pandemic and distance learning had a devastating effect on these children and we are working hard to reduce the effects of learning loss. Please join us.
