

# Color Wheel

## EXPLORE

Think about all the different colors and shades we see every day around us!

How many different shades of red did you see on your Red Challenge? \_\_\_\_\_

How are colors made? \_\_\_\_\_

\_\_\_\_\_

What can you do to a color to change it? Make it darker or lighter? \_\_\_\_\_

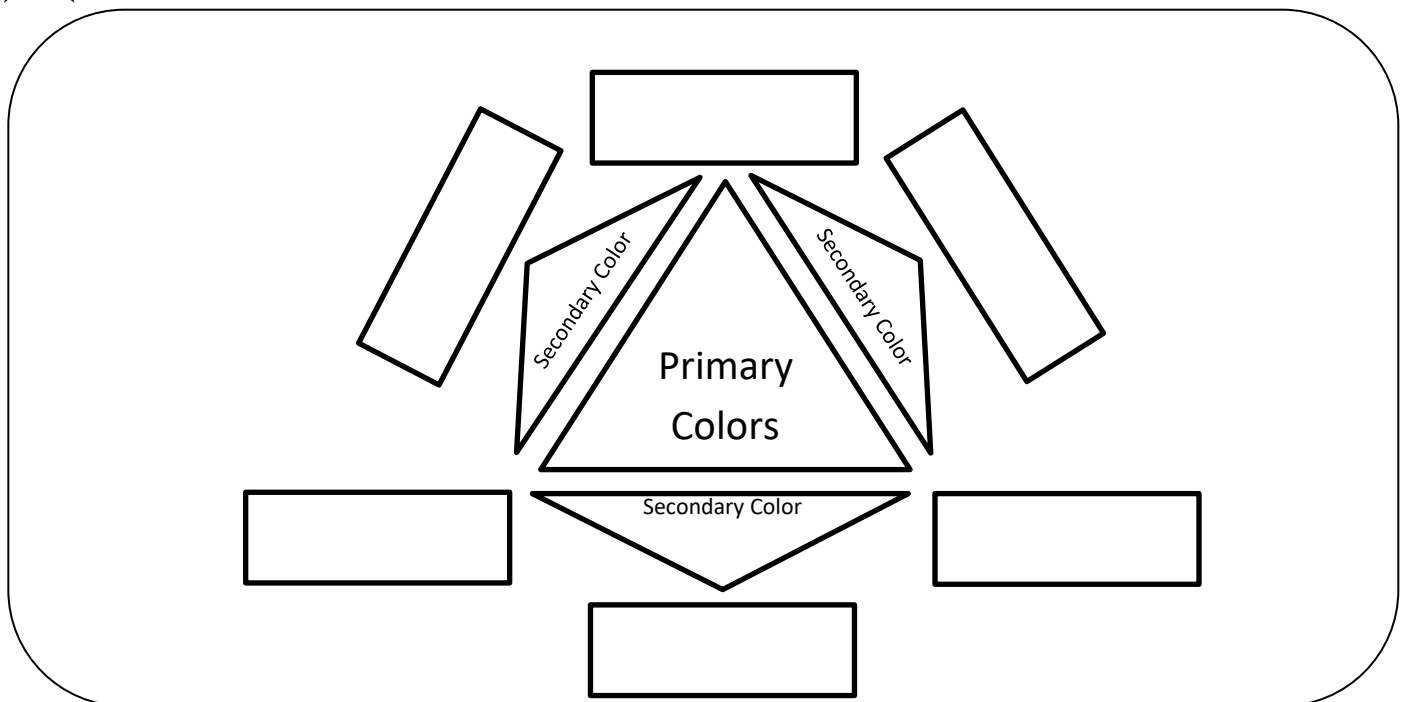

\_\_\_\_\_

What happens when you mix 2 colors? \_\_\_\_\_

\_\_\_\_\_

## IMAGINE - Fill in the boxes

## 3 CREATE

You will need the following materials:

- Watercolor paper or printout from CCL
- A set of Watercolors or Watercolor pencils
- Paint brushes
- A paper plate & Paper towels
- A container with water
- Pencil & Ruler

Set up an area where the surface is protected. Make sure you have on an apron or old shirt.

## 4 REFLECT

What happened when you mixed:

RED and YELLOW? \_\_\_\_\_

YELLOW and BLUE? \_\_\_\_\_

BLUE and RED? \_\_\_\_\_

Did you have to be careful to add only enough Primary color to create a Secondary color? YES \_\_\_\_\_ NO \_\_\_\_\_

What happens to a color if you add White? (TINT) \_\_\_\_\_

\_\_\_\_\_

What happens if you add Black? (HUE) \_\_\_\_\_

\_\_\_\_\_
